Winaround : Website (Graphics/Flash)

Swat Team Skates : Print (Brochure)

My Dream Jaguar : Website (Graphics)

SanelS Dev : Android Apps(Graphics/UI)

EarthCam INC – Hackensack, NJ

Lead Multimedia Designer – Sept '07 to Sept '08

Product Interactive Demo

Used Flash and Javascript to create interactive marketing material.

Developed so any flash developer could easily edit/update the demo.

Still live.

Control Center 7

GUI design, predominantly in flash. Using web development knowledge,

I helped "idea" transition in to "product." *Still Live.*

Mobile Platforms (iPhone&Chumby)

After intensive research, I created a finger-friendly design and a intuitive

menu flow. *Still live.*

Comfort Revolution – West Longbranch, NJ

Art Director – Mar '10 to Jan '11

Website Design and Code

Used HTML/CSS to bring company branding to the internet. This also included the development of an internet shop to take orders directly from the consumer.

Package Design

Created package designs for various bed products. This included market research to help create designs that appealed to a specific consumer group.

Product Design and Conception

Illustrated patterns used on products, and also over-saw product design from start to finish.
